Media Advisory: Groundbreaking for Modern Custom Fabrication in Fresno

FRESNO, Calif. – Modern Custom Fabrication, Inc. (MCF) will break ground at its new 100,700 square-foot modernized facility in south Fresno on Friday, August 25. The local manufacturer's current operation is impacted by the high-speed rail project. Thanks to the combined efforts of the California High-Speed Rail Authority, Fresno County Economic Development Corporation and the City of Fresno, MCF was able to find a suitable location to continue its operations within Fresno, where it produces large steel storage tanks and employs 35 people. The relocation will allow the company to expand its operations in the region and continue to contribute to Fresno's economy.

WHAT: Groundbreaking for Modern Custom Fabrication, Inc.

WHO: **Speakers include:**

- Jim Gray, Modern Custom Fabrication, Inc.
- George Goddard, Span Construction & Engineering, Inc.
- Mayor Lee Brand, City of Fresno
- Lee Ann Eager, Fresno County Economic Development Corporation
- Diana Gomez, California High-Speed Rail Authority

WHEN: Friday, August 25 at 10:00 a.m.

WHERE: Modern Custom Fabrication, Inc. New Location
4922 E. Jensen Ave., Fresno, CA 93725
